

Letter of Commendation

Snyder, Crompton & Associates, Inc. has done an outstanding job in every way with our new office and we are extremely happy with the results. The project was completed on time, on budget and with excellent workmanship. The project manager was a pleasure to work with and was organized, responsive and easy to contact. The project manager worked well with the architect and made several key on site improvements in the plans to keep the project on track. The foreman was always on site, well organized and was as helpful as he could be. The weekly or bi-weekly reviews on site were very helpful, developing a real sense of trust with the project team. Unfortunately many people have negative views of general contractors in general. I obviously do not and would give SC&A the highest recommendation to anyone.

Sincerely,

J. Joseph Danyo, MD
